**ADJOURNED TOWN MEETING, MARCH 24, 1920**

Pursuant to adjournment the citizens of Arlington qualified to vote in town affairs met in the Town Hall in said Town on Wednesday the twenty-fourth day of March, 1920, at eight o'clock in the evening, and were called to order by the moderator, Jacob Bitzer.

On motion of Frank A. O'Brien, chairman of the Finance Committee, Article 4 was taken up.

Article 4. (Reports of Selectmen and Town officers.)

Voted (On motion of Olvin H. Lufkin), That the reports of the Selectmen and the various town officers as presented in the Town Reports together with the addition of the tables of statistics of assessors and committees heretofore appointed be accepted.

Edwin W. Goodwin presented the report of the committee appointed January 19, 1920, to procure plans and estimates for school buildings in various parts of the Town. The report was presented in printed form and had been distributed to all the citizens. The report was received and the subject matter laid on the table to be later taken up and considered with Article 31 of the warrant.

Howard B. S. Prescott presented the following report of Committee on Roll of Honor:

At the last annual Town Meeting the members of the Planning Board were appointed a committee, with authority to arrange for the erection of a Roll of Honor, to be paid for by popular subscription. An accurate list of names for this is not yet obtainable. Meanwhile the American Legion has been organized and any expression of the wishes of the local post would seem to be worthy of serious consideration. A committee from that body has suggested the delaying of final action until the records have been completed. Also the desirability of considering that the permanent expression of the appreciation of the Town might take the form of a memorial to those who paid the supreme sacrifice, the location to be determined later in connection with that of the permanent home of the Post.

In deference to the above, this committee feels justified in asking that the Town will accept this report in place of any definite action, and recommends that at the proper time a

special committee shall be appointed or such other action taken as will best fulfill the desire of the community to pay honor to its citizens who responded to their country's call.

For the Committee,

HOWARD B. S. PRESCOTT, *Chairman.*

The report was received, accepted and ordered filed.

On motion of Frank A. O'Brien, acting under Article 4, it was

Voted (On the submission by the Finance Committee of a printed report): That the various articles in the warrant be now taken up and that the recommendation of the Finance Committee under the articles in their report be considered as now before the meeting, to be voted upon without further motion, separately, and in the order in which they appear in said report. Article 4 was then laid on the table.

Article 19 (Extension of Storm Drains) taken up. On recommendation of the Finance Committee no action was taken under this article.

Article 23 (Repairs on Highways, Bridges, etc.) taken up.

Voted, That the town ways, highways and bridges be repaired during the ensuing year under the direction of the Board of Public Works.

Article 24 (Selectmen appointed agents of the Town) taken up.

Voted, That the Selectmen be appointed agents of the Town to institute and prosecute actions in favor of the Town and appear and defend suits and legal proceedings against or involving the interests of the Town with power to employ counsel therein and, when necessary, in all other legal matters and business appertaining to town affairs during the year commencing March 1, 1920.

Article 25 (Transfer of overlayings) taken up.

Voted, That the Auditor be authorized to transfer to the 1919 overlay account the available balance of the 1917 and the 1918 overlayings.

Article 26 (Authority of Treasurer to borrow) taken up.

As the authority asked for under this article had been granted to the Treasurer at a previous town meeting no action was taken.

Article 27 (Authority of Collector of Taxes) taken up.

Voted: That the Collector of Taxes be authorized to use all means of collecting taxes for the year 1920 which a Town Treasurer may use when appointed a Collector of Taxes.

Article 28 (Appointment of Finance Committee) taken up.

Voted, That the moderator of this meeting, together with the Chairman and Secretary of the present Finance Committee of Twenty-One, are hereby appointed a committee to nominate and report to this meeting a Finance Committee of Twenty-One citizens, representing all sections of the Town, to serve until the end of the Annual Meeting of 1921; fourteen members to be selected from the present committee, provided they will serve, the other seven to be newly appointed. That no person holding an elective town office shall be eligible to serve on said committee. To this Finance Committee are hereby referred all articles in any town warrant issued during its term of office. Said committee shall, after due consideration of the subject matter of said articles, report thereon, in print or otherwise, to the Town Meeting, with such recommendations as it shall deem best. Said committee shall choose its own officers and have power to fill vacancies. Mr. Willis P. Howard, chairman of the committee appointed "To investigate the question of the advisability of the Town carrying its own insurance" submitted the following report:

Arlington, March 20, 1920.

The committee appointed at the January Town Meeting "to investigate the question of the advisability of the Town carrying its own insurance" submits herewith its report. The committee has confined its investigation to fire insurance and has given the matter much careful study, realizing that the question under consideration is a very important one.

First, let us review the record of fire losses and premiums paid in the past.

In 1906 a report was made by the Selectmen showing the fire losses for twenty-seven years, including 1906 which report showed that the losses by fire in the Town during that time were \$5540, while during the same period the Town had paid premiums of \$20,013.32

In 1907 premiums paid	\$1350.00	Losses none
In 1908 premiums paid	1368.00	Losses none
In 1909 premiums paid	1579.00	Losses none
In 1910 premiums paid	2381.06	Losses none
In 1911 premiums paid	3154.17	Losses none
In 1912 premiums paid	2409.23	Losses none
In 1913 premiums paid	2877.67	Losses none
In 1914 premiums paid	1128.11	Losses none
In 1915 premiums paid	1973.77	Losses none

In 1916 premiums paid	4408.46	Losses \$124
In 1917 premiums paid	1188.00	Losses none
In 1918 premiums paid	2917.20	Losses none
In 1919 premiums paid	1954.43	Losses none

From the above figures it will be seen that during the past forty years the Town has paid in premiums for fire insurance \$48,602.42 and during the same period received for losses \$5,664.

The Town is now carrying fire insurance amounting to \$967,000 on its various buildings and contents, under a blanket form of policy, divided into twenty items, the rate being \$12 per thousand dollars for a term of five years, the premiums on same amounting to \$11,604 or \$2800 per year if divided equally.

On account of the recent increase in the cost of labor and materials, the Selectmen have been asked to increase the valuation to a point more nearly approaching replacement values, on which basis adjustments in case of loss may be based.

While it is true that the fire losses in the past forty years have been very small indeed, yet it must be admitted that this low record is no guarantee that a considerable loss may not occur at any time, hence your committee is of the opinion that the Town should not carry its own insurance until such time as it has accumulated a fund of substantial amount for the purpose.

We unanimously recommend the adoption by the Town, at the earliest possible date, Sections 102 to 105 inclusive of Chapter 576 of the Acts of 1907, which read as follows:

Section 102. Any city or town which has accepted the provisions of Chapter 191 of the Acts of the year 1905, or accepts the provisions of this and the three following sections may establish and maintain a municipal building insurance fund, from which any municipal buildings or other municipal property damaged or destroyed by fire, lightning or otherwise, may be repaired, rebuilt or replaced by other buildings or property to be used in lieu thereof.

Section 103. Any such city or town may raise money for the purposes set forth in the preceding section, not exceeding in amount in any one year one-twentieth of one per cent of its

assessed valuation; but no money shall be raised for such purpose while the amount of the fund equals or exceeds one per cent of such valuation.

Section 104. The fund established under this act by any city or town shall be managed and administered as provided in Section 15 of Chapter 27 of the Revised Laws, by the sinking fund commissioners thereof, if such there be, or by any municipal board of commissioners or trustees having charge of its trust or sinking fund; and if in any such city or town such commissioners have not been established, sinking fund commissioners shall be elected in the manner provided in Section 14 of Chapter 27 of the Revised Laws.

Section 105. The provisions of the three preceding sections may be accepted by any city by a concurrent vote of both branches of the city council and by any town by a majority of the voters present and voting thereon at a meeting duly called for that purpose.

Should this Act be adopted we recommend the appropriation of \$5000 yearly to the fund.

If a yearly appropriation of this amount be made and the fund invested at  $4\frac{1}{2}$  per cent, at the end of the fifth year it would amount to approximately \$28,584; at the end of the tenth year it would amount to approximately \$64,206; at the end of the fifteenth year it would amount to approximately \$108,546; at the end of the twentieth year it would amount to approximately \$163,915.

Based on an assessed valuation of twenty million dollars the highest allowable amount, of the fund could not exceed two hundred thousand dollars, *i. e.*, one per cent of the assessed valuation.

We further recommend an increase in the present amount of insurance carried of twenty-five per cent, said increase to be apportioned by the Selectmen to the various items in the schedule in such manner as they deem best.

This will call for an appropriation of two thousand eight hundred and ninety-two dollars (\$2,892) for policies covering a five-year period, and is in addition to the amount of \$2,200 necessary to renew the policies expiring this year.

It is our opinion that this insurance should be gradually reduced when the fund has sufficiently accumulated to warrant so doing.

Respectfully submitted,

WILLIS P. HOWARD  
CHARLES W. ALLEN  
HENRY W. HAYES  
JOSEPH C. HOLMES  
PETER SCHWAMB

Voted, That the report of the committee be accepted, the recommendations adopted and that the Selectmen be requested to insert an article in the warrant calling the next Town Meeting to act on said recommendations.

Article 32 (Portable school buildings) taken up.

Voted, That the School Committee be and hereby are authorized and empowered to purchase one two-room portable building, suitable for school purposes, at a cost not to exceed \$4500 and that the sum of \$4500 is hereby appropriated for the purchase of said building, said sum to be raised by general tax and to be expended under the direction of the School Committee.

Article 32 was then laid on the table.

Article 41 (Appropriation for new streets) taken up.

Voted unanimously, That the sum of \$15,679 be appropriated for the construction of Oxford Street, Harlow Street and Raleigh Street, as described in Articles 35, 36 and 37 respectively and that for this purpose \$3679 be taken from the tax levy and for the balance, \$12,000, the Treasurer, with the approval of the Selectmen, be authorized to borrow said sum and to issue bonds or notes of the Town therefor. Said bonds or notes to be payable in accordance with the provisions of Section 14, Chapter 719, Acts of 1913, so that the whole loan shall be payable in not more than four years from the issuance of the first bonds or notes, or at such earlier date as the Treasurer and Selectmen may determine.

Voted, That when this meeting adjourns it adjourn to meet

in the Town Hall on Tuesday evening April 27, 1920, at eight o'clock.

Meeting adjourned at 10.45 o'clock.

Number of voters attending the meeting, 674.

On motion of Mr. O'Brien the vote passed at the meeting held March 24 under Article 32 was reconsidered. On his motion it was, therefore,

Voted, That the figures appropriated on March 24 under Article 32, viz: \$4500, be stricken out and the figures \$6000 be inserted, making the appropriation under Article 32 \$6000, instead of \$4500.

The subject was discussed by various citizens, lantern slides were shown on the screen and numerous plans suggested to meet the situation. "Your committee appointed to investigate and make recommendations as to the Town Yard wish at this time to report progress only. It is the opinion of your committee that for the immediate future, at least, it would not be advisable to recommend the expenditure of so large a sum as would be necessary for a proper undertaking along the lines contemplated.

"Your committee therefore requests that this report be accepted as one of progress."

The report was received and accepted as progressive.

The tellers appointed to receive, sort and count the ballots cast under Article 31 having completed their work, that article was taken from the table.

This was done by using four ballot boxes and dividing the voting list into four parts. ## REPORT OF THE BOARD OF SELECTMEN

---

The Board of Selectmen submit the following report for the fiscal year ending December 31, 1920:

### ORGANIZATION OF THE BOARD

At the annual March meeting of 1920 Mr. Charles B. Devereaux was elected a member of the Board for the term of three years and was sworn to the faithful performance of his duties on March 8, 1920. The Board organized with Horatio A. Phinney, Chairman and Thomas J. Robinson, Clerk.

### AS OVERSEERS OF THE POOR

Horatio A. Phinney, Chairman.

Thomas J. Robinson, Agent.

This report is, in general, confined to the financial condition of the Town. The detailed reports of the departments will be found under the reports of those departments. The overdrafts in the departments were not as large as in the year 1919, with the exception of the amount of money appropriated for elections and Town Meetings, which amount could not be estimated with any degree of accuracy.

The amount of money raised by taxation in 1920 was \$668,513.73 and the tax rate was \$28.90 per thousand. The increase in valuation as determined by the Assessors and including new buildings is \$3,414,490. At the present tax rate this will provide \$95,913 additional revenue, an increase of \$82,213 over last year.

A year ago this time the housing question in Arlington was quite a serious one. The rents had been increased in some cases fifty per cent. This Board was appointed the local committee on the rent question, and several cases were brought to the attention of the committee. In some of these cases hearings

were given the tenants and landlords to settle the matter in question. The local committee has co-operated with the state committee, and as far as we know all matters brought to our attention have been satisfactorily adjusted.

The following statement gives the financial condition of the Town:

#### TOWN DEBT AND TAX RATE

On December 31, 1919 the fixed

debt was	\$715,500.00
Amount paid during the year	59,500.00

	282,000.00
	—————

On December 31, 1920 the fixed debt is \$938,000.00

It will be noted that the Town debt shows an increase of \$222,500.

The loans authorized and issued in 1920 amounting to \$282,000 were as follows:

Water extensions	\$24,000.00
Sewer extensions	16,000.00
Highway construction	12,000.00
New Junior High School	230,000.00
	—————
	\$282,000.00

#### SINKING FUND

The amount of the fund on December 31, 1919 was \$195,122.11

Amount added during the year:

For interest on funds	\$9,094.55
By appropriation	14,550.00
	—————

Amount paid from the fund during the year:

Rent of safety deposit vault	\$10.00
	—————
	10.00
	—————
	\$218,756.66

No notes, bonds or other indebtedness of the Town will be payable from this fund until 1922, when water bonds amounting to \$92,000 will become due and payable.

This fund is divided and classified as follows:

Water loans	\$163,614.28

#### DEPARTMENT REPORTS

The following are brief statements giving the amounts of money expended for each Department, together with the reason

for the expenditure and such suggestions for the coming year as the Board deems necessary.

#### OUTSIDE POOR

Amount appropriated in 1920	\$14,537.67
Reimbursements from State and other cities and towns	7,334.26
	<hr/>
Total Receipts	\$21,871.93
Amount expended for care of all classes of aid rendered	20,943.83
	<hr/>
Unexpended balance	\$928.10

The care of the poor does not vary much from year to year, in fact only in the number aided. The Board has, from year to year, outlined the work done and explained the various laws governing the disbursement of public funds for the relief of the poor and needy. Practically two-thirds of the amount expended comes under the provisions of the Mothers with Dependent Children Act (763 Acts of 1913) and all disbursements are made subject to supervision and approval of the State. The number of persons aided does not vary a great deal from year to year and is mainly to widows with children, and the old and infirm.

#### POLICE DEPARTMENT

The Police Department consists at this time of sixteen patrolmen and three ranking officers, Chief, Lieutenant and Sergeant. The Department has continued to do efficient work during the year.

The Chief has recommended the appointment of three additional patrolmen and the Board is of the opinion that this number should be appointed, to more adequately protect our citizens and their property. As recommended last year the patrolmen of the Department have been placed on the \$5.00 per day basis and the salaries of the Chief, Lieutenant and Sergeant established as follows:

Chief, \$2500; Lieutenant, \$2200; Sergeant, \$2000.

For detail work of the Department see report of the Chief, and for details of expenditures see Auditor's Report.

Appropriation for 1920	\$31,800.00
Credit to Department	19.33
<hr/>	
Total Appropriation	\$31,819.33
Amount expended	31,182.09
<hr/>	
Unexpended	\$637.24

#### FIRE DEPARTMENT

This Department has continued throughout the year without an increase in the number of men. As in the case of the Police Department and in accordance with the recommendations made by the Board last year the permanent men of this Department were placed on the \$5.00 per day basis, and have been granted the one day off in three. The members of the Department have performed their usual excellent service and the Department is in first class condition. During the year the House on Broadway has been renovated and all outside wood-work painted. Certain repairs are necessary the coming year on the Highland House.

Appropriation for 1920	\$27,500.00
Receipts	1.35
<hr/>	
Total Receipts	\$27,501.35
Amount expended	27,497.05
<hr/>	
Unexpended balance	\$4.30

#### TOWN INSURANCE

As recommended in the report of last year a committee was appointed to investigate and report on the advisability of the Town carrying its own fire insurance. After an investigation of the premiums paid for a number of years and the fire

losses during the same period this committee reported in favor of the Town carrying its own fire insurance, and the adoption by the Town of Sections 102 to 105 inclusive of Chapter 576 of the Acts of 1907. Under the provisions of this Act the Town is enabled to establish and maintain a municipal building insurance fund and the committee recommended that the sum of \$5000 each year be appropriated for this fund, this appropriation to continue until the fund should reach an amount sufficient to care for any loss by fire that might arise. The committee also recommended and the Town so voted that on account of the cost of replacing property damaged by fire the insurance schedule of the Town be increased twenty-five per cent. This vote of the Town has been complied with and the Town is now carrying \$1,208,750 insurance on Town property. During the year the claim of the Travelers Insurance Company for liability insurance previously carried by them, and amounting to \$3700, was adjusted through the efforts of Town Counsel Hendrick for \$3,029.30. The amount paid for liability insurance under the Compensation Laws was \$501.85, a net saving to the Town on this class of insurance of \$2500. It will be necessary the coming year to make provision not only for the expiring policies, but also for the establishment of the insurance fund.

#### STATE AND MILITARY AID AND SOLDIERS' RELIEF

These payments made to Civil, Spanish and World War veterans have not changed a great deal since last year, except for the Soldiers' Relief. In several instances we are having applications from World War veterans, who came back in apparently good condition, but whose conditions begin now to show diseases contracted in the service. Some of these men have perhaps been married since being discharged from the service, and their added responsibilities place them in very straightened circumstances at this time.

#### ROBBINS MEMORIAL TOWN HALL

During 1920 the amount of money derived from the rental of the hall was quite a good deal in excess of that in 1919.

It was necessary to do painting and repairing to some extent throughout the building.

One of the upper dressing rooms back of the stage was taken for a dental clinic room, the work coming under the supervision of the Board of Health.

### MENOTOMY HALL

The work of the Red Cross has been discontinued in this building during the past year.

The Legion still continues to occupy rooms for headquarters here.

The pupils of the Junior High School have used the hall for basket ball in the afternoon, and the Knights of Columbus have used it for basket ball one evening each week.

The rental of the portion of the building occupied by S. K. Ames Company has this year been increased to \$750.

### LIMITED OR REPRESENTATIVE TOWN MEETINGS

In the March meeting of 1920 a committee of fifteen citizens was appointed to draft a form of bill to be presented to the Legislature providing for precinct voting, Representative Town Meetings, Town Meeting Members, a referendum and an annual Moderator in the Town of Arlington.

This committee made its report at a special Town Meeting held November 30, at which time the report of the committee was accepted and the draft of the bill presented by them adopted. At this meeting the Selectmen were authorized and empowered to petition the Legislature for the enactment of a bill substantially in accordance with the recommendations of the committee.

The bill was presented at the special session of the Legislature and was passed with but few minor changes, and was signed by the Governor, December 22, 1920. The Board has been requested to call a special Town Meeting in January to present this bill to the citizens for acceptance. As there appears to be no opposition to the acceptance of this bill, it will probably be necessary to make provision for the division of the Town

into voting precincts and the numerous expenses that will be required.

The Board desires to record its appreciation of the efficient service of its clerk, Mr. Thomas J. Robinson. His attention to the many details, especially during the past year, connected with the duties of the Selectmen, and his accurate and ready information are of great assistance in carrying on the work of the Board.

#### MISCELLANEOUS DUTIES

Accidents reported, 182. Ambulance calls, 32. Buildings reported vacant, protected, 153. Cases investigated, 460. Dead bodies cared for, 7. Defective hydrants, 3. Defective electric lights, 184. Defective electric wires, 28. Defects in water pipes, 9. Details for public assemblages, 51. Dogs killed, 8. Disturbances suppressed, 94. Fires extinguished without alarm, 3. Fire alarms given, 5. Glass in fire boxes reported broken, 68. Injured persons assisted home, 14. Injured persons assisted to hospitals, 21. Lanterns in dangerous places, 70. Lost children cared for, 18. Messages delivered, 92. Notices served for Selectmen, 1. Notices served for Board of Health, 1. Notices served for delinquent dog owners, 1. Officers at fires, 83. Obstructions in streets reported, 72. Runaway teams secured, 7. Sick persons assisted home, 8. Sick persons to hospital, 13. Stores found unlocked and secured at night, 207. Stray teams cared for, 4. Search Warrants served, liquor, 5. Search Warrants served, stolen property, 3.

Property (other than automobiles) reported stolen was valued at \$2,866, and we have recovered stolen property to the value of \$2,589, which has been turned over to the rightful owners.

It is with just pride and pleasure that I report that of the thousands of automobiles that have come into Arlington during the year not a single automobile has been stolen within the limits of the town; we have recovered automobiles to the value of \$7,200 that have been reported to us as stolen from other cities and towns.

There have been 146 accident and sick cases reported to and investigated by this department during the year; 28 less than last year.

Owing to the adoption of "1 day off in 8," for members of the Police Department, there is a serious shortage of men to patrol the town properly, and I earnestly request the appointment of four patrolmen, so that we may be able to give our citizens better police service.

The police signal system installed in 1906, fifteen years ago, is sadly in need of general repairs, and unless this is attended to at once it will be like a good watch with the main spring broken; good to look at, but of no value for that which it was intended; and I would most respectfully recommend that the sum of \$1,000 be appropriated for the use of the Superintendent of Police and Fire Departments signals, to be spent for repairs necessary on the police signal system.

During the past year 42,645 duty calls were rung in by officers on their routes, and 2,515 telephone calls were received from them over the signal system in regard to happenings on their routes, and at least 6,000 messages were given to officers on their routes.

This report has been greatly abbreviated for printing, but a full and complete report has been rendered for your files.

In conclusion, I wish to take this opportunity to express to your Honorable Board my deep appreciation for many courtesies rendered during the year.

Respectfully submitted,

THOMAS O. D. URQUHART,  
*Chief of Police.*

## RECOMMENDATIONS

I recommend the appropriation of \$28,000 and receipts of department for the ensuing year. The increase is the result of added cost of repairs and supplies, the payroll being the same as last year. I also wish to thank all other officials of the Town who have so willingly given their services when called upon and my assistants and all members of the Fire Department. ## REPORT OF COMMISSIONERS OF CEMETERIES, ROBBINS FUND, SOLDIERS' MONUMENT FUND AND SAMUEL C. BUCKNAM FUND

---

ARLINGTON, MASS., January 1, 1921.

The report of the Commissioners having charge of the cemeteries and the above funds is herewith submitted for the year ending December 31, 1920.

The Commissioners deem it wise to again call the attention of the citizens to that part of the report of a year ago referring to the purchase of lots in Mount Pleasant Cemetery, as follows:

"On account of the conditions existing in surrounding cities and the filling up of cemeteries in or controlled by these cities, the Commissioners have found it necessary to adopt stringent regulations which will prevent residents of the Town buying lots in the cemetery for the accommodation of non-residents. This practice, while in itself apparently harmless, in many cases works a hardship not only on the innocent purchaser, but also to the person in whose interest the lot was purchased. No citizen should allow the use of his name in the purchase of a lot unless that lot is to be used for his own immediate family. The consent of the Commissioners will be required in cases where interments are to be made for persons outside certain defined degrees of relationship. The Commissioners deem it only proper that this action on their part should be known by all citizens who may have occasion to purchase lots in the cemetery, or who may be asked to purchase lots in their name for the benefit and use of non-residents."

During the year 28 single graves, 32 two-grave lots and 39 lots of three or more grave size have been sold, receipts from which amounted to \$3530. Of this amount \$1020 was used by the department for grading these lots and setting corner posts,

designating the boundaries, leaving the sum of \$2510 available for use by the Town for any purpose.

As the work of the department does not vary from year to year, this report is confined to the financial statement until such times as conditions will allow the Commissioners to do the work contemplated before the cost of labor and materials made it impracticable.

The care of the old cemetery on Pleasant Street, the Soldiers' Monument and grounds and the Soldiers' Lot in Mount Pleasant Cemetery has been continued under the Commissioners, the expense of this work being included in the cemetery appropriation.

## AUDITOR'S STATEMENT

I have examined the accounts of Edward A. Bailey, Collector of Taxes for the Town of Arlington, Mass., and find the same correct, agreeing with the Auditor's books.

GEORGE McK. RICHARDSON,  
December 31, 1920. *Auditor.*

## AUDITOR'S REPORT

For the financial year ending December 31, 1920.

---

The accounts of the Treasurer and Collector have been audited and found correct, and bank balances have been verified. A list of all uncollected tax bills taken from the bills agrees with the balances called for by my books.

The accounts of the Trustees of all trust funds have been examined and found correct, and all investment securities, as shown in their reports, have been checked.

The books of the Milk Inspector, Sealer of Weights and Measures, and the Town Clerk's record of Dog Licenses have been examined and found correct.

There is but one overdraft or deficit shown in the accounts for the year, "Overlayings and Abatements on 1920 Taxes." This is due to the small amount of Overlayings included in the Tax Levy by the Assessors. The Income Taxes received exceeded the amount of the Assessor's estimate about \$4,000, and it would seem proper to transfer from these receipts sufficient funds to cover this deficit and future abatements that may be made on this account.

There is in the treasury \$95.81 credited to Tax Title Surplus which has been carried for six years, and no claimant having appeared it is now available for the Town to use and I would advise its transfer.

Unpaid bills for 1920 as reported to me are as follows:

Schools	\$3,095.54
Schools, repairs	201.26
New Town Hall (Fuel)	348.52
Old Town Hall (Fuel and repairs)	283.13

Of the three latter accounts the bills were contracted in 1920 but were not presented until about the middle of January, 1921. Of the school bills, many of which are dated late in December, the larger part is for supplies intended for use in 1921.

Detailed statements of all accounts, of the Town Debt, Sinking Fund Apportionment, Tax Levy of 1920, Financial Statement and Borrowing Capacity, also Trial Balance, December 31, 1920, are herewith submitted.

Respectfully submitted,

GEORGE McK. RICHARDSON,  
*Auditor.*

## REPORT OF THE BOARD OF HEALTH

---

The following is a brief report of the Health Department together with such recommendations as the Board deems advisable in connection with Public Health work in the Town of Arlington.

### ORGANIZATION

Mr. Alfred H. Knowles after twelve years service on the Board declined to run for another term, and Dr. Ernest R. Brooks was elected in his place. The Board organized on the evening of March 2, 1920 and elected Mr. Alfred W. Lombard Chairman, Drs. Atwood and Brooks completing the membership.

### APPOINTMENTS

WILLIAM H. BRADLEY, Agent and Clerk.

EZEKIEL PRATT, Physician to the Board.

EZEKIEL PRATT, Bacteriologist.

FLORA M. WILSON, Nurse (part time).

ALFRED W. LOMBARD, Inspector of Milk.

THOMAS J. GREEN, Inspector of Slaughtering.

GEORGE W. DAY, (Civil Service. Appointed 1918 for three years) Inspector of Plumbing.

The Board is pleased to announce that the Dental Clinic, the equipping of which was a gift to the Town, has completed a very successful year, and is deserving of the hearty support of parents as well as school and health officials. This new departure in public health work, should, if continued over a period of years, prove to be of decided benefit to the health and comfort of our school children. A summary of the year's work in the clinic is included in another part of this report.

While we have not had any pronounced epidemic of a contagious disease during the year, the total number of com-

municable diseases reported to the office is somewhat larger than usual. This is due in a great measure to the growth of the Town, also to the fact that additional communicable diseases, including influenza are now reportable diseases. Notwithstanding that tuberculosis hospitals (except State Sanatoriums) have increased their rates fourteen per cent and contagious hospitals forty per cent, we have, with our usual appropriation, the amount of which has not been increased for the past three years, taken care of all cases, paid the bills and returned a substantial balance to the Town Treasury. This has been possible largely through the efforts of our Agent in adjusting claims of persons suffering with communicable diseases in out of town hospitals, and claiming legal settlement in Arlington.

There have been many calls during the year to abate nuisances, investigate unsanitary conditions, and examine suspected foodstuffs. All such are referred to the Agent for investigation, and if possible abatement. Complaints of a serious nature are submitted to the Board for adjustment.

We are indebted to the various local volunteer health and charitable organizations, who upon our request furnished clothing, etc., to several needy sick persons, and to further note the willingness of these organizations to at all times co-operate with us, and on every occasion with pleasing results.

#### RECOMMENDATIONS

We would recommend the extension of the public sewer from Brattle Street through Brattle Park to house numbered 33. Also in the new development known as High Haith, situated on the southeasterly side of Highland Avenue, and possibly the Allen Farm development between Massachusetts Avenue and Broadway. As the matter of sewage disposal is of vital interest in regard to health work, we shall repeat our annual request, and suggest to the citizens that liberal appropriations for sewer extensions be made.

During the year the following number of communicable diseases were reported to this office:

Anterior Poliomyelitis (Infantile paralysis)	2
Chicken Pox	39
Diphtheria	35
Cerebral-spinal Meningitis	1
German Measles	1
Ophthalmia Neonatorum	1
Influenza	284
Lobar Pneumonia	18
Measles	231
Mumps	54
Scarlet Fever	109
Pulmonary Tuberculosis	39
Typhoid Fever	5
Whooping Cough	42
 Total	 861

Five persons afflicted with tuberculosis were through this office admitted to State Sanatoriums, one to the Cambridge Tuberculosis Hospital, and one temporarily to the Channing Home. Thirteen persons suffering with scarlet fever, and seven with diphtheria were admitted to contagious hospitals. Notice was received from State Sanatoriums of the death of two of our patients from tuberculosis, and one from the same disease from the Cambridge Tuberculosis Hospital. From the contagious hospitals, notices were received of the death of three Arlington persons from diphtheria, one from scarlet fever and three from Anterio Poliomyelitis (Infantile paralysis).

In the early part of the year, and without consulting this Board, the United States Public Health service arranged with the owner of the Sanatorium known as Pinewood Rest, located at 53 Appleton Street, for the housing of suspected tuberculosis ex-service men. When knowledge of this reached the Board, steps were immediately taken to learn just what measures had been adopted, in the selection of this site, for the protection of the public health. With this end in view the United States Public Health Service was communicated with,

also the State Department of Public Health was consulted, the result being that invitations were accepted, and representatives of both departments were present at our meeting of May 3, 1920. At this meeting the subject matter was thoroughly gone into and while duly cognizant, and fully appreciating the service these young men rendered to their country in time of need, the Board, purely in the interest of the public health, was, and still is, of the opinion that an institution of this kind should not be located in a thickly settled residential section of the Town. With the assurance however from the representatives of the United States Public Health Service that the occupying of this building for this purpose was to be but temporary, the Government having in mind the erection of permanent quarters elsewhere for the care of these men, the Board decided to take no action at this time, other than having the building inspected, the taking of frequent sputums from these men for examination by our bacteriologist, and the making of such special rules and regulations as they deem advisable for the governing of this institution while it is being thus occupied.

The scarlet fever cases in the Heights section, and which almost reached epidemic proportions was clearly due to so called "missed" cases. They were all extremely mild cases, and the majority of them did not come to light until desquamation had begun. This state of affairs was due to ignorance of the parents in most cases, while in others and I am pleased to say they were in the great minority, children were sent to school with the parents having full knowledge that their children had had scarlet fever. Until we develop a civic responsibility in these matters such experiences will persist.

Two typhoid carriers have been found and the necessary precautions instituted.

One diphtheria carrier has been carried along for some months, but has finally cleared up.

While the year 1920 showed a large increase over previous years in the number of contagious diseases reported to the office, the fatalities were relatively small, due in a great measure to an early diagnosis of the disease, and isolation of the patient.

Respectfully submitted,

EZEKIEL PRATT, M.D.

## MILK INSPECTOR'S REPORT

*To the Board of Health, Arlington, Mass.*

Gentlemen: I herewith submit my report as Inspector of Milk for the year ending December 31, 1920.

The price per quart for milk for home consumption reached its highest point during the year, and present indications would seem to show a downward trend from now on.

The quality of the milk sold, and the per capita consumption have changed only slightly during the year. There is still however room for improvement during the summer months in the milk solid content of our milk supply. Milk laws have not been changed during the year, and the control work has been carried on in the same manner as in previous years. A summary of the year's work is appended.

## DENTAL CLINIC

It is with pleasure we are able to announce to the citizens, that Arlington has in operation, on the second floor of the New Town Hall a fully equipped Dental Clinic, which, in the opinion of this Board, is second to none of its kind in the State of Massachusetts. That we are able to make this announcement is due wholly to the generosity of one of our old and much esteemed families. And while we would like to make known to the citizens the name of the donors, they have requested that their identity remain unknown. We will therefore respect their wishes, yet will take this opportunity to publicly thank them on behalf of the children of Arlington for their magnificent gift.

From April 26, 1920, the date on which the clinic first opened to December 31, 1920, eight hundred and eighteen cases of children's teeth were treated. Through the courtesy of Dr. Ernest R. Brooks, our X-ray work has been done free of charge. Literature on mouth hygiene has been given to each child receiving treatment. Tooth brush drills in the schools have been held at different times by the school nurse; these together with the hearty co-operation of the principals of the several schools have aided in making the clinic a grand success from the beginning.

The medical profession now agrees that many of the ills of the body are caused by defective teeth, thus to fully appreciate the significance, and realize the great amount of good this clinic can do, we should allow our minds to revert back to the time that United States entered the great World War. On that occasion the first draft showed that more than one-fifth of the young men in Massachusetts were unfit for military service because of defective teeth. Massachusetts had a greater percentage of men rejected because of this defect than any other State in the Union. Investigations show that 95 per cent of the public school children in this country need dental attention, also that children with defective teeth fall six months behind, during the eight year school course. The neglect of the first teeth and their consequent premature extraction will cause the second teeth to erupt out of their normal position, resulting in

improper development of the face, and oftentimes causing serious effects on the general health of the child. With this knowledge in mind, and much more that could be added, is it not worth while for parents to see to it that their children take proper care of their teeth?

The clinic is primarily for all children of the second grade school age, whose parents are unable to employ the services of a dentist. A nominal charge of twenty-five cents is made for each sitting. This charge however need not deter any worthy parent from having the teeth of their children attended to. If such parent will simply make known to the office that they are unable to pay this amount the work will be done free of charge, and without publicity.

The clinic is open daily from 9 a.m. to 12 m., Saturdays and holidays excepted. Dr. W. H. Gullifer a graduate of the Harvard Dental School of the Class of 1916 is the operator in charge, with Mrs. Marion K. Peirce, as assistant. Parents are welcome to visit the clinic on any day while it is in operation. To many of these children, this is their first time in a dental office and amid strange surroundings it is only natural that they would act somewhat timid. The Board would therefore advise whenever possible the mothers accompany the children, at least on their first visit to the clinic.

## REPORT OF THE SCHOOL COMMITTEE FOR THE YEAR ENDING 1920

---

*To the Citizens of the Town of Arlington:*

In presenting this brief report for 1920, your Committee desires to state that the past year has been without any particularly spectacular feature, but has been a year during which the school system has made steady and permanent progress along the routine lines of school administration and educational advancement.

About the first of 1920, at a special Town Meeting, a committee of fifteen citizens, representing the various school districts, was appointed to bring in plans and estimates for four propositions designed to relieve the congestion of our schools. The propositions were, a grammar school at the corner of Forest and Summer Streets, a Junior High School on Town land adjacent to Fessenden Road, an addition to the present Crosby School, and the procuring of a site for a grammar school in the Parmenter District. This committee brought in plans and estimates for these four projects, but recommended the immediate construction of only the new Junior High School building, feeling that the Town could afford but one new building in a single year, and that the building of the Junior High School would give greater relief than any other one proposition considered. The Town, at an adjourned Town Meeting held in April, voted to appropriate the necessary money for this building, and appointed a Building Committee. This Committee set to work with all speed and obtained working drawings and specifications of a building, acceptable to the School Committee, and proceeded with the construction. At this time there is every prospect that the new building will be ready for occupancy in September, 1921.

To relieve the crowded conditions existing at the present Junior High School, until the new building should be ready, the

Town voted to purchase a two-room portable, and this was ready for use when the school year opened in September, 1920. This portable afforded adequate relief to the present building.

The Senior High School this year is numerically the largest in its history, but is not overcrowded, although every room is in use.

With the exception of the Russell School, all the grade schools are overcrowded and are working to more than normal capacity, by use of the "Platoon System."

With the opening of the new Junior High School in September, 1921 and the consequent relief of the present Junior High, will come the freeing of the two-room portable, which will be available for use where the need is most urgent.

At the beginning of 1920, the Town granted the teachers of the Arlington schools a substantial increase in salary, an increase which was made imperative by the ever soaring price of all necessities of life. Now, even though the peak in the cost of living seems to be passed and wages in certain lines have been reduced somewhat, yet the shortage of teachers continues and salaries of teachers appear to be still advancing. Figures on salaries paid in many surrounding cities and towns have been collected and on comparison the salaries paid to Arlington teachers, in certain lines of work, are below those paid in other towns which are comparable with Arlington. This means that in the face of the continued shortage, Arlington is at a disadvantage and unless some readjustment is made, will in the near future lose some of her strong teachers. This changing will react against the efficiency of our schools and the high standard which the School Committee feels the citizens of the Town wish to see maintained.

Owing to the abnormal conditions existing in 1920, the School Committee regrets to announce that the expenditures for the schools exceeded the appropriations by a small amount. Soon after the annual appropriations were made there was a sharp advance in the price of all supplies. In spite of this the year would have ended without a deficit but for the fact that the price of coal soared to unprecedented heights, some of the coal costing as much as \$17.80 a ton. The amount spent for coal exceeded the estimate by approximately \$1600.

During the summer of 1920 we lost a number of our most efficient teachers, the High School losing its principal and several department heads. Mr. Burtt resigned to accept a principalship in Cleveland Heights, Ohio, but we were fortunate in securing as his successor, Mr. Herman Gammons of Chelsea, who gives every promise of maintaining the standard of our High School.

The principal of the Parmenter School requested a year's leave of absence, and has been replaced for the year by one of the teachers in that school.

The principal of the Russell School resigned and one of the teachers in that school is serving in the capacity of acting principal at the present time. Recently enacted legislation made it mandatory that classes for giving special help to children be established. To meet this condition we were obliged to start a "special help class" in September, 1920. At present two special help classes are in operation, one at the Russell School and one at the Locke School.

The question of proper physical training in the school is one of growing prominence and today is occupying the attention of physicians and educators all over the country. Feeling that Arlington should be a leader in all matters that make for progress and advancement, the School Committee hopes in the near future to introduce into our schools physical training which shall be beneficial to all. A beginning has already been made in this direction in some of our grade schools and in the Junior High School. In our High School only a very limited number are receiving the benefit of physical exercise through the various athletic teams now maintained. It is the desire of the Committee to introduce physical training in which every boy and every girl will be required to participate unless prevented by physical disability, this work to be under the direction of competent instructors.

The Committee hopes to be able to do much during the present year to improve the Spy Pond Playground. Considerable grading should be done as soon as the frost is out of the ground. It is desirable to set apart a portion of the playground for the use of the small children and to equip it with simple apparatus for the games of the little folks.

A study of the needs of our High School Reference Library is contemplated, with the aim to make it modern and up to date by proper cataloging and by the addition of a number of current reference books. Then, if sufficient training in library methods can be given the pupils, either through co-operation of the Town Library or otherwise, the wealth of information contained in the library will be available to all and at their disposal whenever needed.

In December the resignation of Mr. Fred Dawson was received, the Committee being obliged to accept it, since Mr. Dawson had removed from Arlington. On December 20, the School Committee, sitting in joint session with the Board of Selectmen, elected Mr. William A. Corcoran of 45 Cleveland Street, to fill Mr. Dawson's unexpired term.

Respectfully submitted,

MYRON W. DOLE,  
*Chairman.*

The library received a considerable number of books during the year. Special donors were Mrs. Ella R. Avery, Rev. Samuel C. Bushnell, Mr. Ralph E. Conder, Mr. John Olsen, Mr. C. Ralph Taylor, Rev. John G. Taylor, Miss M. Helen Teele and Mrs. E. C. Turner.

An interesting gift of photographs of Mr. and Mrs. Eli Robbins was received from Mrs. Lucius M. Stanton of New York.

Mr. C. S. Parker has continued to send us a file of the Advocate.

The following exhibitions of photographs, etc., from the Library Art Club have been held during the year.

January and February. No 249. Works of Augustus St. Gaudens.

March. No. 250. Round about Santa Fé, New Mexico.

March and April. No. 251. The Animal Kingdom.

May. No. 252. Mt. Holyoke College.

May and June. No. 253. Masters of Color. British and American.

June and July. No. 254. The Western Front.

July and August. No. 255. Boston Playgrounds.

August and September. No. 256. The Caucasus.

October. No. 257. Britain's Navy.

November. No. 258. The Wonderland of Peru.

November and December. No. 259. The Columbia River and Mt. Hood.

There is little of special interest to report this year. While the above statistics show in several instances a falling off from those of last year, we think that they mean nothing more than the fluctuations that occur from time to time, arising from temporary conditions, and do not signify any permanent diminution in the use of the library. It is also to be remembered that some of the most important services that the library renders in the way of assistance to readers, reference work, etc., do not appear in statistics at all.

We regret to have to report the resignation of the Chairman of this Board, Rev. Samuel C. Bushnell, due to his removal from Arlington. Mr. Bushnell first became a member in 1893 and has served continuously since then. His good judgment

and broad-mindedness together with his knowledge of books and interest in the library have made his services of unusual value to the Town during this long term of years.

## REPORT OF THE JOINT BOARD OF SELECTMEN AND BOARD OF PUBLIC WORKS

---

The seventeenth annual report of the Joint Board of Selectmen and Board of Public Works is herewith submitted.

The Board organized on March 8, 1920 with Horatio A. Phinney as chairman and Thomas J. Robinson as clerk.

The following appointments were made for the year ending April 1, 1921:

Town Counsel, Philip A. Hendrick; Superintendent of Public Works and Town Engineer, George E. Ahern; Superintendent of Wires, Reuben W. LeBaron.

On October 1, 1920 the Board received the resignation of Philip A. Hendrick as Town Counsel, the same to take effect on the appointment of his successor. In accepting the resignation of Mr. Hendrick, after a service as Town Counsel for twelve years the Board recorded its appreciation of his services. Paul M. White, Esq., was appointed as Town Counsel to fill the vacancy thus created.

During the past year the work of the Board has been somewhat limited, as on account of the cost of labor and building materials new tracts of land have not been developed for building purposes. Only three streets or parts of streets have been accepted by the Town and no new tracts have been laid out.

The regular routine work of the Board pertaining to pole locations, installation of sidewalks, affairs pertaining to public service corporations has received attention.

### RULES OF THE BOARD AFFECTING PROPOSED STREETS BEFORE ACCEPTANCE BY THE TOWN

The Town having accepted the provisions of Chapter 249 of the Acts of 1897, known as the Board of Survey Act, the Board has established the following rules and regulations

governing petitions for the laying out and the acceptance of new streets. The Board found this action necessary in order to avoid misunderstandings, and to enable petitioners to know approximately what the ultimate cost of the street would be, and the conditions under which the Board could recommend the acceptance of these streets to the Town. The rules, as adopted by the Board, are:

1. *Approval of Plans.* No plan will be approved which does not comply with the Board of Survey Act.

2. *Petition for Estimate of Cost of Construction.* After the approval of plans by the Board the interested parties may on application receive from the Clerk of the Board a blank form of petition requesting the Board to furnish an estimate of the cost of construction of the proposed street. This petition should bear the names of *all* owners of land abutting on the street together with the signatures of the parties petitioning.

On receipt of this petition the Board will designate the type of construction and direct the Town Engineer to make an estimate of the cost of this construction.

3. *Petition for the Laying Out of Streets.* A blank form of petition for layout, stating the length, width, type of construction and estimated cost, will then be sent to the petitioner. This petition should also show names of *all* owners of land abutting and their addresses, together with the signatures of as many as possible of the parties desiring the layout. On receipt of this petition the Board will set a date for a hearing, and all interested parties will be notified.

4. *Action by the Board at First Hearing.* After this first hearing if, in the opinion of the Board, common convenience and necessity require that the street in question be laid out as a public highway, they so vote and further vote that it is the intention of the Board to so lay out. A hearing is then set on the intention of the Board, and all interested parties are notified by warrant served by a Constable of the date of said hearing.

5. *Final Hearing on Intention of the Board to Lay Out.* If after the second hearing the Board is still of the opinion that public convenience and necessity require that said street should be laid out as a public way, a vote is passed laying the street out in accordance with the plans approved by the Board and

a record is made of the description of the street by metes and bounds.

6. *Acceptance by the Town.* After the vote by the Board to lay out it is then within the authority of the Board of Selectmen on petition to insert an article in the Town Warrant for the acceptance of the street. No street can be brought before the Town for acceptance until the foregoing rules have been complied with. The Board would remind all persons intending to petition for the laying out and acceptance of streets that appropriations for this purpose are only made at the March meeting of each year. The petitions should, therefore, be filed during the early fall months, in order to allow time for hearings before the drawing of the Warrant for the March meeting.

In addition to the foregoing rules the Board has established a rule by which persons desiring the laying out, construction and acceptance of new streets will be informed before final action by the Board of the estimated cost of the construction and the approximate assessment to be levied on the abutting owners. This rule has worked very satisfactorily, enabling the petitioners to know what the street will cost them individually, and relieving the Board, when betterments are assessed, of many misunderstandings as to the portion of the cost which is to be borne by the abutting owners.

#### STREET LIGHTING

The question of street lighting and how best to furnish the best service to the Town has been considered by this and previous Boards. The question of all-night lighting is, in the opinion of this Board, at this time almost essential. It will be recalled that in 1917 the Town voted to have our streets lighted all night, but during the war period it was changed to the one o'clock schedule. There are a great number of our citizens whose business requires them to leave Arlington long before daylight, while there are many others whose business keeps them from their homes until the early morning hours. Added to this is the criminal wave that seems to be sweeping through the country at the present time. With the telephone installed in so many houses the additional protection of the lights burn-

ing all night is clearly demonstrated as the police can be kept in close touch with the residents in almost every section of the Town. The increased cost of all-night lighting is about \$2000, and this Board is of the opinion that for this additional cost the street lighting system should be placed on the all-night schedule.

#### PERMANENT SIDEWALKS

Following the rule established two years ago, all applications for the installation of permanent sidewalks have been granted by the Board subject to the conditions at that time established. These regulations are that the applicant shall deposit one-half of the estimated cost of installing the sidewalk as determined by the Town Engineer. On the receipt of which the sidewalk is installed. This rule has worked to the advantage of both applicant and the Town. A new granolithic sidewalk has been installed on Massachusetts Avenue from Winter Street to Oxford Street, thus greatly improving that section of Massachusetts Avenue.

#### LAYING OUT OF THE ALLEN AND RUSSELL HOMESTEADS

During the year the Board has approved plans for the laying out of new streets on the Allen property between Massachusetts Avenue and Broadway, between Broadway and Warren Street, and between Warren Street and the Mystic Boulevard.

Plans have also been approved for the laying out of new streets on the Russell property on Massachusetts Avenue between Robbins Road and Fessenden Road. Both of those properties cover large areas and in each case the owners have cheerfully co-operated with the Board in a desire to make these new streets attractive residential sections.

With these two large tracts of land now available for residential purposes, the cost of labor and materials on the decline, it would seem that the housing problem in Arlington would be solved in the near future.

#### DEVELOPMENT OF NEW TERRITORY

In the development of the remaining area in Arlington for building purposes, the Board has adhered to the policy estab-

lished some years ago of carefully considering all plans submitted for proposed layouts of this remaining territory. The problems encountered are many, but the Board has endeavored to meet these problems in a spirit of encouragement for a proper and beneficial development for the Town. It is not the policy of the Board to hinder, but on the contrary to encourage development where such development approaches the standard set by the Board. There are numerous tracts of land in our Town at the present time that can, by the character of the development, either mar or make the future of the Town. The future of the Town as determined by the uses of these areas is a serious problem and one which should attract the attention of all our citizens. Our Town is not a manufacturing town — it is not an industrial center. It is essentially a residential town, and as such must be considered from the viewpoint of the home seeker — the man who desires to make his home among us — to be a part of us and to contribute, in his taxes, his share toward the cost of maintaining our various activities at the same standard of efficiency that has characterized the Town in previous years.

## TOWN ENGINEER'S REPORT

---

ARLINGTON, MASS., January 1, 1921.

*To the Joint Board of Selectmen and Board of Public Works.*

Gentlemen: Herewith is respectfully submitted the annual report of the Engineering Department for the year ending December 31, 1920.

The Engineering Department furnishes all the Town departments and committees with such information, plans, designs, estimates and data of an engineering nature as they may require on work being done, or contemplated, also keeps careful notes, measurements and locations of new work, additions, changes and extensions as they may occur, and properly records the same for future reference by maps, plans or profiles.

The north side of Massachusetts Avenue from Teel Street to Marathon Street, one thousand, one hundred and thirty (1,130) linear feet, and the south side of Massachusetts Avenue from the Cambridge Line to Fairmont Street, six hundred thirty-six (636) linear feet, was reconstructed with Compressed Hassam Concrete. The excavated material was used for subgrading portions of Harlow, Oxford and Raleigh Streets.

Harlow Street from Raleigh Street to Broadway, six hundred thirty-one and five-tenths (631.5) linear feet; Oxford Street from Raleigh Street to Broadway, six hundred ninety-nine and seventy-nine one-hundredths (699.79) linear feet; and Raleigh Street from Grafton Street to Oxford Street, one hundred and eighty (180) linear feet, were reconstructed under the betterment act with tar macadam.

Nine thousand eight hundred twenty-two and five-tenths (9,822.5) square yards of granolithic sidewalks and one thousand two hundred seventy-six and four-tenths (1,276.4) linear feet of granite curb were laid during the year.

A total length of three thousand one hundred sixty-eight (3,168) linear feet of main sewers were constructed and sixty-

four (64) house connections were made; work having been done by the Board of Public Works employees.

Three thousand two hundred ninety-seven (3,297) linear feet of water mains were laid and three thousand seven hundred fifty-three (3,753) linear feet of water services were constructed.

Prior to the reconstruction of Massachusetts Avenue an adequate storm drain system was installed. For details and cost of construction of this work see Board of Public Works Report.

Board of Survey studies were made for the layout of streets on the land bounded by Wyman Street, Massachusetts Avenue, Tufts Street and Broadway; on the area bounded by Warren Street, Beacon Street, Mystic Valley Parkway and Franklin Street; and on land bounded by Eastern Avenue and the Belmont Town Line.

Twelve (12) Board of Survey plans were verified by this Department and approved by the Board of Survey.

Street numbering plans of all new streets have been made, new buildings located, and numbers assigned.

Plans have been made by the various companies and corporations and filed in the Town Engineer's office, showing the locations of structures for which permits were granted by the Joint Board during the year.

The Engineering Department has prepared plans and performed miscellaneous services for all the Town departments and for the Town Counsel.

Annexed to this report is a table giving the names of all streets in the Town, public and private, lengths, widths and total mileage; also a table of general statistics pertaining to the Town.

Respectfully submitted,

GEORGE E. AHERN,

*Engineer and Superintendent of Public Works.*

# REPORT OF THE SUPERINTENDENT OF WIRES

---

*To the Honorable Board of Selectmen and Board of Public Works.*

Gentlemen: I respectfully submit my twenty-first annual report as Superintendent of Wires for the year ending December 31, 1920, as follows:

## STREET LIGHTING

During the year twenty-five (25) new street lights were installed and five removed, making a net total of twenty (20) additional lights on the highways. These lights were installed on the following streets: Forest Street, six (6), Harlow Street two (2), Oxford Street, three (3), Winter Street, two (2), Mystic Street, four (4), Summer Street, near Mystic Street, one (1), Massachusetts Avenue, corner Winter Street, one (1), Massachusetts Avenue, near Harlow Street, one (1). On Mystic Street changes were made in location of several lights, and three (3) additional lights were placed at car stops. At junction of Mystic and Summer Streets and opposite Boulevard, light locations were changed, and two additional lights installed.

## MORNING AND ALL NIGHT LIGHTING

The street lights were burned between the hours of five and six o'clock A.M. during the months of January, February 1 to 19, and November and December, full months. From February 20 to March 31 street lights were burned all night during the period of ice and snow conditions existing.

## INSPECTION OF WIRES IN BUILDINGS

Five hundred and sixty-four (564) applications were received for new electrical construction, and six hundred and nineteen (619) inspections were made during the year. More defective construction was found during the past year than ever before, principally due to lack of knowledge of some of the mechanics doing the work. No fires caused by electricity were reported during the year.

## POLES AND WIRES ON STREETS

Many replacements of poles have been made during the year by the various corporations owning same. The Edison Company made an inspection of all poles owned by this company late in the year, and replacement of defective poles found was immediately given attention.

No new underground conduits were built during the year on the highways.

## FIRE ALARMS

Several breaks on wires of this system were experienced during the year, principally due to corroded underground wires which have been in use from eighteen to twenty years. As replacement of these old wires is being rapidly accomplished, this class of trouble will not be experienced when new lead-covered cables are finally installed.

On October 8 an aerial fire alarm wire was broken, due to the running away of a steam-roller down Highland Avenue, which broke a pole on Massachusetts Avenue.

During the year a considerable number of changes have been made of cross-arms, etc., on poles, made necessary by replacement of old poles. On July 26, during an alarm from Box 27, the whistle-blowing machine in the tower at the top of the old Town Hall broke one of the many parts of this

machine, and same was out of commission for two days and nights, which made it necessary to keep a man on duty day and night at fire alarm headquarters to sound whistle by hand in case of an alarm.

Five of the older type of fire alarm boxes were this year equipped with new key-break contacts and signal wheels, these boxes being numbered 21, 23, 24, 26, 27. This makes fifteen old boxes equipped with the lastest type of electrical contacts, and others will be so equipped as fast as appropriations permit.

#### UNDERGROUND WIRES

Sixty-three hundred and thirty-three (6333) feet of lead-covered cable were installed during the year in underground conduits for the fire alarm and police signal systems, these cables replacing old wires and with additional wires for future use. This cable was laid in the following streets:

*Massachusetts Avenue from Corner of Court Street to Fire Box 45  
Opposite Walnut Street*

499 feet 4-conductor lead-covered cable.  
3424 feet 10-conductor lead-covered cable.  
742 feet 12-conductor lead-covered cable.

*Massachusetts Avenue and Franklin Street*  
550 feet 2-conductor lead-covered cable.

*Massachusetts Avenue and Lake Street*  
277 feet 4-conductor lead-covered cable.

*Pleasant Street Fire Box 34 to Police Box 34*  
841 feet 4-conductor lead-covered cable.  
Total length of wire in cables installed, 50,712 feet.

Twenty-four thousand and two hundred (24,200) feet of single rubber-covered wires were removed from conduits as replaced by new cables. This rubber-covered wire has been in use since the years 1900, 1902 and 1906.

### POLICE SIGNAL

This system, installed in 1906, has during the past year developed various kinds of trouble in operation, principally due to years of continuous service which has worn out the main operating instruments at police headquarters. The system has registered between seven and eight million calls in the past fourteen and one-half years, and I now recommend that a new four-pin register with time stamp and clock be purchased this year at a cost of eight hundred and fifty (\$850) dollars, to replace the present equipment, as it will not pay to make extensive repairs on the present type of apparatus, as same is obsolete and not now manufactured, being replaced by more improved devices.

### UNDERGROUND WIRE PLANS

In accordance with appropriation granted for compiling records of the underground wire systems owned by the Town, including conduits, cables and wires as installed in the highways, I am pleased to say that a set of plans has been made specifying in every detail the location, length, size and number of all wires and conduits installed underground in the streets during the past twenty-one years, as built under my personal direction. This class of underground construction was first instituted in the year 1900, when wires were placed underground on Pleasant Street, and in the years following additions have been constantly made until all fire alarm and police signal wires have been undergrounded on Massachusetts Avenue from the city of Cambridge line to a point near the Lexington town line, with branch underground cables leading into many side streets. This set of plans will be a permanent and correct record for years to come and will be filed with other Town plans in the Town Engineer's plan vault. A duplicate set of blue prints of these plans will be on file in the office of the Superintendent of Wires. I desire at this time to thank Town Engineer, Mr. George E. Ahern, and his Assistant Engineer, Mr. James M. Keane, for their valuable knowledge and other assistance given in making the drawings of these plans at the office of the Town Engineering Department.

### CONCLUSION

In the coming year, as in several years past, I recommend the continued policy of renewal of old underground wires by the installation of new lead-covered cables, and three years more of this class of construction will finish the work, each succeeding year at a less cost.

No new fire alarm boxes are recommended this year, although many are needed, and a large appropriation will have to be made before many years to protect many sections of the Town not now covered by the fire alarm system.

Respectfully submitted,

R. W. LEBARON,  
*Superintendent of Wires.*

## REPORT OF BOARD OF PUBLIC WORKS

---

The Board of Public Works herewith submits its annual report for the year ending December 31, 1920.

At the Town Meeting held on March 1, 1920, Thomas D. Kennedy was elected member of the Board for the term of three years to succeed himself. The Board organized on March 1 with the choice of Loren W. Marsh as chairman.

### APPOINTMENTS

At a meeting held on March 1, Harold N. Willis was appointed clerk of the Board, water registrar, purchasing agent and bookkeeper. On March 8, George E. Ahern was appointed superintendent of public works. These appointments were for the year ending April 1, 1921.

### MEETINGS

The meetings are held each Monday evening. During the year the Board held fifty-two meetings.

The following are the net expenditures made under the direction of the Board:

Highway Division	\$90,233.77
Sewer Extensions	16,282.75
Sewer Maintenance	4,752.59
Water Extensions	18,639.14
Street Construction	14,513.66

### HIGHWAY DIVISION

Following out the plan inaugurated in 1917 to reconstruct yearly a portion of Massachusetts Avenue, the Board decided that a section on the north side of the Avenue, between Teel and Marathon Streets, and a section on the south side, from the Cambridge line to Fairmont Street, were in particularly bad shape. Fifteen thousand dollars was available for reconstruction work and a section 1129 feet long, averaging  $24\frac{1}{2}$  feet in width, was reconstructed on the north side, between points as mentioned above, and a section 623 feet long, averaging 22.7 feet in width, on the south side. This work was done under the direction of the Board by Simpson Brothers Corporation, the type of construction being what is known as the Hassam Compressed Concrete Pavement.

As there were no storm drains in these sections of Massachusetts Avenue, although greatly needed, the Board ordered their construction, it being the logical thing to do at this time when the roadway was excavated for the reconstruction work, as it could be done more economically then and would not necessitate the digging up of a portion of the street after the new surface had been put on, as would be the case if done at some future time. The fact that the Town streets were covered with snow and ice during the first three months of the year, this covering protecting the surface of the streets, made it possible to affect a saving on their care and repair; the amount thereby saved enabled the Board to finance the storm drain construction.

In point of condition, the Town's sidewalks have not kept pace with the travel ways and the Board feels that they should receive greater attention than in the past. Many permanent tar sidewalks require immediate repairs. A large appropriation should be made for the care and repair of sidewalks. During the past year both the permanent tar sidewalks and the dirt sidewalks received as much attention as money available for those purposes would permit.

The condition of the storm drains and their inlets was carefully inspected and repaired or cleaned when necessary.

The construction of Harlow, Oxford and Raleigh Streets, for which an appropriation was made by the Town at the March Meeting, was placed in the hands of this Board by the Joint

Board of Selectmen and Board of Public Works. Bids were invited on this work and were received from four contractors; that of James H. Fannon was the lowest and the work of construction was awarded to him. This work was performed in a satisfactory manner under the supervision of the Town Engineer and the work completed within the amount appropriated.

Never before in the history of the Town has it been necessary to expend anywhere near as much money for the removal of snow and ice from our roads and sidewalks as was expended this year. Snowstorms followed each other at frequent intervals from the first of the year until April, during which time there was very little thawing weather, so that accumulations kept increasing. Only by heroic measures was it possible to keep the sidewalks and streets in passable condition.

Reference to Tables 1 and 2 will show the details of maintenance, construction and snow and ice expense.

## REPORT OF PLANNING BOARD

---

### ORGANIZATION

The Board organized for the year 1920 by electing H. B. S. Prescott as chairman, to succeed H. W. Hayes who declined to serve again as chairman. Jacob Bitzer was appointed secretary.

### ROLL OF HONOR

Following out the report of last year, the Board held hearings attended by the parties most interested, including members of the local post of the American Legion, and as a result made recommendation, which was adopted by the Town Meeting, that this project could better be carried out in connection with a home for the Legion.

### SENIOR HIGH SCHOOL PLAYGROUND

No more economical way for developing the usefulness of the land in the rear of the Senior High School can be devised than by depositing the ashes which are collected by the Town. A small annual appropriation to defray the extra cost of cartage would in a few years make this land of value for the purposes of playground or public park. This Board, therefore, recommends that such an appropriation be added to the budget of the Board of Public Works, as in their judgment would be necessary to accomplish this.

### BILLBOARDS

An act to regulate billboards is now in force and the State control provides for further regulation by cities and towns. The Planning Board attended various hearings held at the State House on this subject and indorsed this legislation. As this should properly be a part of the Town by-laws the whole matter was referred to the Committee on Town By-Laws.

### LEXINGTON GREAT MEADOWS

As a result of conferences between various boards of Lexington and Arlington, representatives of the former Town presented a proposal to take over the Great Meadows and surrounding property now owned by Arlington, for development as a public park. In view of the fact that control of this tract is under the Board of Public Works and the Town interests represented by the Selectmen, this was referred to the Joint Board for consideration.

In order to preserve the rights of the Town of Arlington in the water basin and to avoid any water damages for which Arlington might be liable, if the basin was flooded, the Town of Lexington was asked to submit a revised proposition, which as yet has not been done.

It was the sentiment of the Arlington Boards that some solution of the problem was desirable for the best interests of both Towns and undoubtedly a way will be found to accomplish the result and at the same time protect mutual interests.

### ZONING BILL

New legislation has made it possible for the Town to restrict certain types of buildings to specific districts. The present period of restricted building would seem to be the most opportune time to safeguard the Town against the future erection of garages and industrial plants where they would be hazardous and detrimental to surrounding property.

### BUILDING LINES

Further consideration of the establishment of building lines at the junction of Medford Street and Broadway are highly important as an economic necessity. If this should be deferred until after the construction of sizable buildings in this neighborhood, which construction is probable in the no distant future, the enforcement of such lines would entail additional damage to the property owners which would have to be adjusted by the Town.

### CONCLUSION

In conclusion, the Board desires to express its appreciation of the assistance given by the officials in the various matters which have come before it. Realizing that it has no authority for action, the citizens should feel, however, that it is ready and willing to consider and use its influence to advance any project brought to its attention, which will help the future development of the Town.

## REPORT OF BOARD OF PARK COMMISSIONERS FOR THE TOWN OF ARLINGTON

---

During the past year the Park Commission has undertaken no special work. The various grass plots have been trimmed and Menotomy Rocks Park has been policed and cared for as usual. There is an increasing number of people making use of the Park and the day will come when some more money should be spent there for planting, seats, etc.

Another matter which should have attention is the new boulevard from Mystic Street to Medford Street. Many people use this boulevard and the situation should be so treated as to make it attractive, hiding, if possible, the dump in some way or other.

The Commission has tried to spend as little money as possible this year, owing to the general financial condition, but this should not be taken as a model for all years, which would result in the neglect of the various parts. The mere question of upkeep is not enough. Money should soon be made available for something in the way of improvement each year.

Respectfully submitted,

December 31, 1921.

WILLIAM W. CROSBY,  
*Chairman.*

## REPORT OF TREE WARDEN

---

I herewith submit my report as Tree Warden for the year ending December 31, 1920:

Municipal trees have an exceedingly heavy burden to bear, and it is often amazing to note the progress which they make. What farmer would grow the same crops in the same soil during a period of fifty or one hundred years without cultivating or fertilizing the soil? Still that is the condition under which our street trees have to maintain themselves. Not only that the necessary air and water are shut off and drained away by hard surfaced streets and sidewalks, but many are injured by careless drivers and also by the mischievousness of boys. A large strip of bark is usually bruised or torn off. The result is a wound which will take years to heal and unless particular care is given to that wound insects and fungus enemies gain entrance, and in a short time the tree is gone forever. What would our streets look like without trees? In order to preserve what we have and to keep replaced those that are gone, and remove those in a dangerous condition this can only be accomplished by the co-operation of the citizens with the Tree Warden. With the appropriation given the Tree Warden only the absolutely necessary work can be done. The care of the parks and the lawns of the Unitarian Church, Misses Robbins Estate, and trimming on several estates, also the care of the Town Hall grounds has been done by this department, thereby making it possible for me to give the men steady work, and employ experienced men. I wish to thank the Honorable Board of Selectmen, and all the citizens for their co-operation with me. The following is a statement of receipts and expenses.

## REPORT OF TOWN COUNSEL

---

*To the Honorable, the Joint Board of Selectmen and Board of Public Works.*

*Gentlemen:*

On October 5, 1920, you appointed me as Town Counsel to fill the vacancy caused by the resignation of Philip A. Hendrick, Esq., who had served the Town long and well. This report covers the remainder of the year ending December 31, 1920.

With the approval of the Board of Selectmen, all matters in the hands of Mr. Hendrick at the time of his resignation were left in his charge.

A claim against the Boston Elevated Railway for damages to the Town's fire ladder truck is pending.

With the approval of the Board of Selectmen, three actions relating to betterment assessments in connection with Park Avenue Extension were referred to Mr. Hendrick, as he was already in charge of another action relating to similar assessments.

The action of Richard F. Kelley against the Town for damage to his house, 913 Massachusetts Avenue, by steam roller, October 8, 1920, is pending.

The claims of Lillian W. Billman and Elizabeth T. Livermore in connection with an automobile accident on Mystic Street, December 6, 1920, are pending.

Several small claims under the Workmen's Compensation Act have been disposed of, and others are pending.

With other citizens of Arlington and at the request of the Board of Selectmen the Town Counsel appeared at a hearing before the Cambridge Board of Health relative to a proposed rendering plant in Cambridge near Alewife Brook. The petitioners were afterwards given leave to withdraw.

The Town Counsel has been present at all meetings of the Board of Selectmen and at meetings of other boards, when requested; has attended to various matters of minor importance; and has furnished opinions and advice, when requested.

Respectfully submitted,

PAUL M. WHITE, *Town Counsel.*

## REPORT OF REGISTRARS OF VOTERS

---

ARLINGTON, MASS., December 31, 1920.

The Registrars of Voters herewith submit a brief summary of the work done during 1920.

Numerous meetings have been held by the Board as required by law.

By the adoption of the Nineteenth Amendment to the Constitution, granting full suffrage to women, an immense amount of work was placed on the Registrars. During August (before the State Primaries) and during October (before the State Election) 3551 women were registered.

In the latter part of the year, a Committee appointed by the Town, reported in favor of a bill providing for the representative or limited Town Meeting form of government. As this additional work seems to be assured, the report of the Board this year will give only the number of registered voters on December 31, 1920, not classified as to sex, as the law requires that all are now on an equal basis and shall be contained in one list.

The total list of registered voters in the Town on December 31, 1920, as follows:

Precinct 1	5494
Precinct 2	2295
<hr/>	
Total	7789

The assessed polls in the Town this year, not by precincts but in the entire Town is 5563. Next year all must be divided into precincts, both assessed polls and registered voters.

EBEN F. DEWING, *Chairman,*  
EDWARD N. LACEY  
JOHN W. DACEY,  
THOMAS J. ROBINSON, *Clerk.*

*Registrars of Voters.*
